GO into ALL the WORLD

And he said to them, **GO** into all the world, and preach the gospel to every creature. He that believes and is baptized shall be saved; but he that believes not shall be damned. And these signs shall follow them that believe; In my name they shall cast out devils; they shall speak with new tongues; They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover. So then after the Lord had spoken to them, he was received up into heaven, and sat on the right hand of God. And they went forth, and preached everywhere, the Lord working with them and confirming the word with signs following. Amen. *Mark 16:15-20*

The Great Commission is a **GO** word. It is not a red or orange traffic light. It is a constant green light that never switches off. Jesus' last words are to be regarded as His final commissioning to us until He returns.

Many years ago, I was standing at a busy street corner in Athens, Greece. The cars were moving at a reckless speed that was intimidating. At times, motorcycles were even pulling onto the pavement in order to get where they wanted to go even faster, without the slightest concern that they were "breaking the law." People were beeping their horns aggressively and some were cursing others who cut into their lane without the slightest concern for their fellow driver's safety or need. No policemen were enforcing the law or giving out tickets for this wild processional before my eyes.

Suddenly, the sound of a siren was heard at a distance and the same drivers that were haphazardly and recklessly speeding through the streets, began to pull aside in orderly fashion to make room for an ambulance that was blaring through the streets on an emergency rescue. In spite of the light being red, the drivers "disobeyed" the law in order to respond to the higher law of human need as this life or death emergency vehicle zoomed through the streets. For these drivers, the light was "green" until the ambulance passed by.

The Lord immediately spoke to me. "This is my higher law. Even unsaved people know that siren sound and they instinctively know how to "disobey" the law in order to follow my higher law of grace in order to save a life." The Lord began to minister to me about how that siren sound is **ALWAYS** blaring in the realm of the Spirit as God is on His rescue mission to save humanity. He showed me that the law of grace is first and foremost for the rescue of souls and it is His highest priority. We are called to respond to His siren **ALL THE TIME** the way these drivers did that day. That siren will never turn off **UNTIL** He returns. And neither will God's "green" light of grace turn "red."

Can you hear that siren, beloved? Will you cross the red light and pull over so that a soul might be saved?

I have been hearing that siren sound in my Spirit. There are thousands of students who cross my path everyday at the university where I study Hebrew whose lives are on a thin tightrope. There are old people who are on their last lap at bus stops, shops and medical centers. There are souls in the balance everywhere around us.

God's siren is blaring. Are you listening?

Good News from the land:

I decided to start sitting and doing my homework in one of the main cafeterias at the university where students congregate to see what would happen instead of going to the library. One after another, students sat at my table and I have been able to open up discussions about Yeshua. Many are surprised and open. I spoke with an Arab Moslem girl from Nazareth and her blind friend. She was surprised to hear my testimonies and let me pray for her and her blind friend. Many Jewish students are open to hear and to read the New Testament which is their book, prophesied in Jeremiah 31:31!

I spoke with one young Jewish student who was participating in a demonstration for equality of free speech for both Arabs and Jews on the campus. He very kindly explained his position to me. I told him that Yeshua alone can bring equality and unity. He said he didn't want to talk about religion. Immediately he got under conviction, after I told him that He was preventing me from having free speech and doing the same thing that he was fighting against. After that, HE REALLY LISTENED. He told me that he read the New Testament years ago and that he had it on his heart to read it again.

I met an older widow at a bus stop a month ago and we had a really powerful talk about Yeshua. She asked me to pray for her. She lives in my neighborhood and told me to visit her one day. I forgot about her, but God did not. She got on the same bus as me yesterday from the center of town! We talked again about Yeshua and she is VERY open. I will visit her soon.

At the Holocaust Memorial Ceremony, 500 or more students and professors gathered together to remember. You had prayed with me for the Lord to use my song and voice to touch everyone in that auditorium. Although the song was not specifically about Yeshua, it was about God calling out to Israel in the camps, inspired by the Song of Songs. I could feel the Holy Spirit overshadow me as I went up to the stage to sing. It was amazing! There were very few dry eyes in the room as God moved upon many hearts. Many came to me afterwards to tell me that they were deeply touched. Since then students and university personnel have been more open to me. The door flung open because I heard the siren and pulled aside to join Israel on her day of mourning with a song that brought forth the hope of salvation.

Dear friend, I pray for YOU to hear the sound of His siren blaring through the earth and to respond. May He use YOU to be a vital part of His Holy Rescue Mission.

Thank you for your love, prayers and support! You are a blessing to me!

In His love and service,

Greta
