

**Dear Precious Friend,**

*October, 2018*

## **In the Footsteps of Paul**

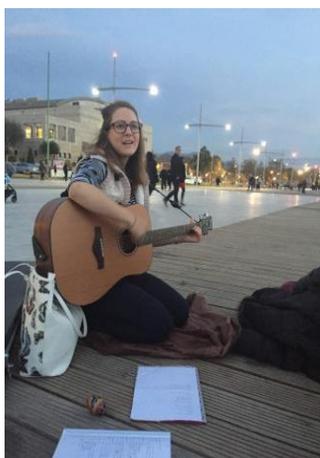

I spent over a month in Israel during the feasts, thoroughly enjoying being with the Messianic Community in the land, especially my Tikkun-Revive family who made me feel like I was at home.

I hope you will be blessed by the YouTube interview I did at Revive Israel with Cody and the media team which I have posted below. The youtube.com link is:

<https://www.youtube.com/watch?v=aMYh8EztWRg>

I am now in Thessaloniki teaching, praying and worshiping with a small team who have come to serve the vision for the Jewish-Greek Bridge. We have daily time together in His presence, often experiencing a genuine open heaven and then we often go outdoors to share the gospel. We have recently been experiencing a real opening with young university students who are searching, eager to hear and to receive prayer and Bibles. Daily the Lord anoints our heads with oil (as we worship Him) and our cups run over (to those hungry lost souls around us).

Sylvie has arrived from Germany to live with me and to serve the Lord through the vision for the Jewish-Greek Bridge. She has been here with teams four times already. Last spring, as she was sitting in her car, she suddenly and unexpectedly heard the audible voice of the Lord saying, "Go and support Greta."

Shortly after that, like Abraham her father, she prepared to leave her country, kindred and father's house to come to Greece to play her special role in God's vision.

Already I am seeing the fruit of her obedience as we flow together in Him and for His glory.

Thank you for partnering with me in this journey in the Footsteps of Paul. Thank you for your support and do come to pray, worship and share the gospel with us in this very strategic region of the Book of Acts.

In His Love and Footsteps,

*Greta*
