

Dear Precious Friend,

January, 2019

An Undivided Heart

It is so important to guard our hearts from getting divided. More than ever before, we as believers in Yeshua need to be undivided in the midst of this fragmented generation. The enemy's strategy is to divide and conquer, but God's way is unity and wholeness. When

God created us, our body, soul and spirit were integrated and so was our heart, mind and will. Every part of us was functioning in unity in the image of God. Sin brought division and fragmentation within us and without. Through Yeshua, our wholeness and God's image is being fully restored in us.

I am sending you a short video link below from a teaching I recently recorded in Jerusalem on an Undivided Heart. I trust it blesses you, and helps you to fulfill the first and greatest commandment which is to love God with ALL your heart, soul and strength. Then we can love our neighbor as ourself.

Be encouraged by the photos below of divine encounters with people who heard the gospel, prayed to receive Yeshua and took Bibles. One man was delivered of anger and anxiety, another of sorrow after losing his father in infancy. Now both Greek men are full of joy and excited to experience more of Yeshua.

One young Asian man I met on the highest point of Athens, told me he had gone to a Christian Club while attending University, but never found Yeshua. He went to the club open, but left empty and disappointed. I shared the gospel and told him that we could pray and he could give it another try. While praying, I saw chains on him and broke them off in Jesus Name. Those chains had been keeping him bound and unable to break free to experience Yeshua. When we finished praying, he was changed. He experienced the Lord's presence all over his body and gave his heart fully to the Lord. What a wonderful divine appointment!

On the Mt of Olives we met 4 Turkish Germans whose hearts were curious, open and they willingly received the Lord. Another group of young Catholic men from the USA listened, responded and received prayer. Flying in and out of Greece to Israel, I had the amazing opportunity to share Yeshua with lots of Israelis. There were over 400 Israeli Jews on our return flight! The man next to me on the plane listened with a truly open heart and asked many questions in sincerity. While waiting and sharing at baggage claim, 3 Israeli men said, "I believe what you're saying is absolutely true!" They are reading the New Testament and also took the link to an online Messianic Evangelistic website. Absolutely nothing is impossible with God!

We have also been having Shabbat dinners where we pray, worship and share with Greek believers about the role of Israel and the Jewish-Greek connection. God is truly giving us the tools in the Bible lands to build on the foundation that the Apostle-Architect Paul laid. I Corinthians 3:10

Thank you so much for your faithful and generous support in so many ways. Your generosity is making the vision we carry from the Lord become a reality in this present world! I am so grateful.

In His Precious Love,

Greta
