

Israel, Greece and Cyprus United: Prophetic Insights

I don't remember exactly when I got this, but it's been growing in me for most of my life, even before I got saved! I remember the 1973 war in Israel and then the 1974 war in Cyprus and wondered why one was a victory and one was such a tragic defeat that split the island. I thought, "They need to get on the same side! They not only have the same God, but also the same enemy." Now we're seeing it come together. So I finally wrote some of these prophetic points down years before the three started coming together in a strong alliance which is shifting the balance of power and realigning the Eastern Mediterranean.

Israel (as God's chosen and model nation) and Greece (as representative of the nations) were called to walk in unity. Therefore it's critical, not only how Israel goes, but also how Greece goes, where she aligns herself, for the nations will follow, even as they have followed her into deception (most of western civilization is based on erroneous Hellenistic thinking).

As true as Israel and Greece have the same God, it is now finally being publically exposed that they also have the same enemy! As the spirit ruling over Turkey has very subtly been used to separate Israel, Greece and Cyprus before the eyes of the world and each other, that Islamic spirit is now being used to unite them. As many of you already know, the friendship between Islamic Turkey and Israel has almost disintegrated. The present unfolding unity between Israel and Greece/Cyprus could not have happened any other way.

Javan (Hebr. for Greece), the son of Japheth, and Kittim (Hebr. for Cyprus), the son of Javan, are called to dwell in the tents of Shem (*Genesis 9:26-27; 10:1-5*). That is the calling of Javan (Greece), Kittim (Cyprus) and many of the nations of Europe (the other sons of Japheth). As surely as God has restored Israel to the land of His Promise, so will He cause Japheth to dwell in the tents of Shem. He doesn't keep one promise and neglect another. He is the same God of Shem and of Japheth and the two walking together will cover the sins of their forefathers (*Gen. 9:23*).

Israel and Greece/Cyprus united:

1. Together, Israel and Greece/Cyprus will be able to take dominion over the Mediterranean. Neither nation can do it alone, and these waters are strategic and at stake. The spirit of Islam wants this passageway. (This has proved true during the Flotilla crisis where Greece and Cyprus stood with Israel for the first time, with the natural gas pipeline agreement and plan, the joint military exercises, etc.)

2. The Islamic spirit ruling in Turkey has wanted Cyprus (grandson of Japheth) and tried to get a foothold in 1974 in order to confuse, build a wedge between Cyprus, Greece and Israel, strike Israel directly and take dominion over the Mediterranean. Cyprus is a key player in the battle for the waters between Israel and Europe. A true Christian Cyprus is destined to protect and undergird Israel, not hurt her. The Greek Dodecanese islands are also targeted by the spirit of Islam for the same purpose. A united Israel, Greece and Cyprus would have the power to contain Islam, block it from advancing and even strike a death blow to it.

3. Israel, Greece and Cyprus united in the true Spirit of the Messiah will break Hellenistic influence in their countries on several fronts which had no power to do so independently of one another.
4. Idolatrous and pagan practices will fall away from both peoples by their coming into a higher and greater purpose through the Messiah. There will also be an exponential increase in liberty and power in the Spirit from the two united.
5. Greek living New Testament influence on Israel will make up for the detrimental Hellenistic influence of the past.
6. Hebraic spiritual roots will strengthen and cause the Church in Greece/Cyprus to stand more firmly.
7. Lawlessness in Greece and legalism in Israel will be tempered by this oneness, making a completely new whole (One New Man) from the influence of one on the other based on true grace. (*Eph. 2:14*)
8. Greece/Cyprus turning once again to Israel is a picture of them turning back to God! It is a picture of the Greeks seeking the eternal with roots! This is her heritage and her roots in the God of Israel through the Apostle Paul (a Hebrew!) who journeyed to Greece/Cyprus to establish the faith in the true and living God through the Messiah.

All the above is preparation for end-time revival in this whole region.
