A Door has Opened in Cyprus Part 2

The door continues to remain open for us to minister to the lost in Cyprus! Here are some highlights from this past month! Be encouraged to connect with the lost around you wherever you are. The Spirit of God is truly breaking through and moving all over the world!

From left to right:

My new spiritual son, "A" invited Sylvie and I to have a meal and to meet his wife and daughter. This was an opportunity to share the gospel with the whole family. How exciting to see "A" completely set free from the spirit of adultery and to be enjoying his wife and daughter!

There was a man sitting at the next table with 2 friends in an outdoor taverna we visited. His eyes were immediately fixed on me and he drew me into a conversation with him. He was an old actor with lots of wounds and issues. He was smoking one cigarette after another. I began to share the gospel with him when he got up to approach me saying that he had the power to stop smoking anytime he wished, I told him that only Jesus had the power to set him free from his addiction. I started praying for him and he was supernaturally touched. He suddenly threw his cigarette down, bowed his head and declared that he would never smoke another cigarette. He was humbled! One of the ladies sitting with him got up, came to our table to speak with us about God and wrote her phone number down for us to call her to continue our conversation with her.

While in a cafe in Lefkara with my Israeli friends, "N" went to talk to an Israeli tour group outside and brought back "L" to meet me so that I could help her tour group of 20 Israelis. I ended up taking them to an Italian street restaurant in the village and they pressed me to join them for lunch. I was able to share about Yeshua with some of the ladies sitting near me. I noticed from the minute I met "L" that she was drawn to me and she continued to be fixed on what I was sharing. She asked me for my phone number. A few days ago, I got an sms from her from Israel with a picture of her and her baby. She would like to see me again when she comes to Lefkara in the summer and she wants to meet me in Israel during the holidays in April!

"T" and "N" invited us to have a meal with them in Larnaka and as we were sitting at the table, "T" suddenly said, "Jesus, the Jew!" Just like that out of the blue! It was an opportunity to share my testimony with them and to share our life stories more deeply together. It seems "T" has been hearing about Yeshua, but he is also listening to some Ultra Orthodox Jews. He is definitely considering whether Jesus is the Messiah. He was all ears! Please pray for "T" during this time of searching for truth and for the whole group that continues to desire to have a friendship with me.

We were offered to rent a big beautiful house in the village. When I met "M" the owner, a devout Greek Orthodox woman in her 80's and her daughter, I ended up sharing about a personal relationship with Yeshua and they were extremely open to hear. I prayed for them, especially for the healing of the mom who had serious health issues. After praying, the daughter said, "I need to get closer to Jesus." A week later, I had a call with "M" and she was very excited to tell me that since our prayer time together, she has felt rejuvenated and that she told her doctor she was not coming for her injections because she felt so good and didn't need them! We didn't rent the house, but God had this precious divine appointment on His heart. They want to stay connected and pray more with me!

Sylvie and I were led to a shoe store in Limassol and met "H" the owner. He was open to hear about Yeshua since he has been seeking God, but a spirit of lust has had him bound. While he was kneeling showing us some shoes, I began to pray for him. He suddenly got frozen right there on his knees. When I touched him, I thought he would fall over, but instead he remained frozen for quite a while with his head bowed. Afterwards, he accepted the Lord and received the New Testament!

We went to a hotel in Larnaka to look at some conference rooms for a Jewish Greek conference we may have sometime in the near future. We met "G" who showed us around and immediately the discussion turned to God and he was extremely open. When I prayed for him, he suddenly felt hot inside and was shuddering. It was the Holy Spirit doing a work in him. "G" gave his heart to the Lord and we will see him soon to give him a New Testament! He is a changed man!

There are so many other stories.....People are seeking answers and we have THE ANSWER to every need! It is YESHUA!

More News:

There were elections in Cyprus for a new President since President Anastasiades stepped down after a decade in office. Please pray that with all the conflict and shaking in this Bible region, the new President Christodoulides, whom I believe God has appointed, will stand strong and help lead Cyprus into God's endtime purposes.

There was a massive catastrophic earthquake just north of here in Southeast Turkey on Syria's border. Over 35,000 have perished and the numbers are rising moment by moment. This shaking will certainly bring a shift to this region politically, economically and spiritually, especially since elections for the President of Turkey are to be held in June. President Erdogan has held the nation in his tyrannical grip for two decades. This could be the disaster that ousts him and ushers in the needed change in leadership for Turkey which hopefully could improve relations with Israel, Greece, Cyprus and the whole Middle East. Please pray! God is shaking the Eastern Mediterranean. He is bringing down the proud and giving grace to the humble! I am attaching a letter from the Greek news written by a Greek journalist to Erdogan which so clearly and deeply reveals the soul of the Greeks towards Turkey. In reality, the sentiment of this letter could have been expressed by an Armenian, a Greek Cypriot, an Israeli or a Kurd. Please pray for the healing of these nations.

Thank you for your anointed prayers that are availing much! To those who desire to support this ministry, I want to thank you with all my heart. You make it possible to keep going. You are my blessing and I am so grateful! He will surely reward you!

Shalom and Agape,

Greta

Attachment Newspaper Article:

For months now, you have been threatening daily,
raising your tone more and more, every day.

You threaten with missiles that will reduce Athens to ashes.

You threaten to land on and occupy our large islands.

You send thousands of illegal immigrants,
among whom you have integrated dangerous elements.

You are endangering our Coast Guard and Air Force Pilots by forcing them to sleep vigilantly, in their armor, so that they can get airborne in just 3 minutes for dogfights.

You raise minority issues by sowing hatred and destabilization in society.

You have occupied half of Cyprus for years and continue to provoke.

You are proud of the "CLEANSING" of the Pontians,
the Armenians and the Greek population of Asia Minor.
It's called GENOCIDE. Not Cleansing.

You desecrated Holy monuments of Orthodoxy, such as HAGIA SOFIA in Constantinople and Panagia Pontia in Sumela.... ignoring the glaring signs that followed immediately after the desecration.

"WE WILL COME AT NIGHT" you said...

Until, one day, DISASTER DAWNED.

And those whom you threatened to annihilate every day.... in just a short time, they manned rescue missions, and flew with SCIENTISTS, RESCUERS, FIREFIGHTERS, SEISMOLOGISTS and trained dogs and rushed FIRST to your TORTURED PEOPLE, who are not to blame for anything. For months now, you have been threatening daily, raising your tone more and more, EVERY DAY.

We were the first of the first who came Mr. Erdogan and our people will not stop saving human lives until all hope is extinguished

Those of us behind are PRAYING and are full of tears for the desperate people of your country and Syria.

This is our great difference, in CULTURE, CIVILIZATION, FAITH.....

We came, PEACEFULLY, and it was DAY.....
